no better place to go. Laylak Salon provides treatments with professionalism and using the newest techniques.

Healthy, shining hair is every woman's dream. Laylak Salon has a wide range of treatments for hair damage. With little fuss our highly professional and artistic hairstylists provide the right solution to every kind of hair problems. Colour treatments to suit the seasons and personalities are imparted with expert care. We use the latest ammonia-free colouring products that will make your hair healthy and natural, with a beautiful irresistible shine. Adding to the personality of a woman is the cut and style of her hair. Our hairstylists are adept in guiding the customer to attain the perfect cut and styles that enhance the latter's personality.

Blow drying is one of Laylak Salon's specialties. Blow drying the hair too often can completely damage and burn the hair, so the techniques of the hairstylist with the temperature control and distance plays an important role of maintaining the hair in good condition.

With the arrival of summer many women feel insecure about their hair in the blazing sun and stifling heat. But with Laylak Salon that should not be a hassle, since in addition to other hair treatments we provide a range of solar protection treatments that gives your hair full protection regardless of the length of exposure to the sun.

We offer a variety of Bridal packages that caters different tastes and preferences covering hair, make-up and nails. Skin colour and shape of the eyes are taken into consideration to enhance the natural beauty of the individual through the latest make-up techniques. The image required to portray on your big day is achieved with the latest fashion in styles and designs employed to bring out the best in you.

Meanwhile our nail artists will contribute in providing the latest nail art that would suit every

bride using different techniques from air-brush to strass that will give a beautiful touch to the nails. Short nails are no longer a problem for our technicians will enhance them in no time with extensions varying from gel and acrylic to sculpting.

Our nail section covers a variety of hand treatments from masks, scrubs and paraffin that should be done to maintain beautiful soft hands. Paraffin plays an important part in moisturizing the skin and treating dehydration because it contains a high amount of petroleum. Cuticles can

no longer be an embarrassment since weekly manicures and pedicures maintain healthy cuticle-free nails. During Spa Manicures and Pedicures, different scrubs are used to exfoliate dead skin cells that have accumulated on hands and feet, making them soft and smooth.

Last but not least, our make-up section consists of the latest in colours and techniques using different brands. From natural ingredients containing rose water, plants and flowers we have zero-side-effect treatments.

Foundations and powders used are not only used to cover up but to treat the skin with its calming and soothing properties. In addition to beautifying the face our make-up artists work on imperfections using different techniques and colorations. We can also provide evening make-up by using heavier and darker shades or eyelash enhancements depending on the occasion. Whatever be your beauty requirement Laylak Salon is fully equipped to enhance your appearance and personality with stunning results.
